Introduction

Part of the Community Infrastructure Levy funding collected is passed onto parish and town councils where the development is built. This money is referred to as Neighbourhood Community Infrastructure Levy, or sometimes the 'meaningful proportion'. Collected CIL monies are split into strategic CIL funds, CIL parish and town council funds, and Cannock Chase Special Area of Conservation (SAC) funds.

Parish and town councils receive a percentage of CIL collected in their area to help support the development of their area. This is referred to as the Neighbourhood CIL (NCIL), or the 'meaningful proportion'. Parish/town councils receive a percentage of NCIL depending upon whether a neighbourhood plan has been adopted. For parish/town councils without a neighbourhood plan, 15% of NCIL funds will be passed on, and for parish/town councils with a neighbourhood plan, 25% of CIL funds will be passed on.

The following document sets out the NCIL money received and spent by each parish and town council within the district. Please note that no transfers of NCIL funds were provided during the monitoring years of 2016/17 and 2017/18.

For information on CIL parish council funds, please contact the relevant parish or town council.

Alrewas parish council CIL funds

CIL funding and spending per monitoring year
