

How much will I have to pay?

Use the table below to find out how much your council tax charge will be in the 2018/19 financial year. The amount you pay depends on where you live (your parish area) and the value of your home (your valuation band). The figures do not include any discounts you may receive.

Your house is placed in one of eight council tax bands (A to H), using the valuation carried out by the District Valuer in 1991. The amount of council tax you pay will depend on the value of your property. Band D (highlighted below) is used to calculate the council tax for each property and to compare ourselves to others.
