

Fazeley Neighbourhood Area Designation

Fazeley Town Council applied to Lichfield District Council for land within the District Council boundary to be designated as a Neighbourhood Area in June 2018 (in accordance with Regulation 5 of The Neighbourhood Planning Regulations 2012, as amended). The Town Council provided the following information as part of their application:

- A map of the proposed Neighbourhood Area; and
- An application letter submitted by the Town Council to the District Council, including statements on why the area was appropriate for designation and that the organisation making the application was the 'relevant body'.

The above information is available to view at the following web address:

www.lichfielddc.gov.uk/fazeleynp

The application for the Neighbourhood Area designation was for the whole of the Fazeley Parish only. The District Council is therefore required to designate the Neighbourhood Area as requested and no public consultation on the application is required (in accordance with The Neighbourhood Planning Regulations (2012, as amended) Regulation 5A).

On 11 July 2018, Lichfield District Council (via delegated authority) resolved to designate the Fazeley Parish as the Fazeley Neighbourhood Area.
